

Frammington Aug-4-1846

Dear Brother

91

At the request of your Mother I write to inform you that She will probably arrive in N. York next Tuesday morning <sup>by the Hartford Boat</sup> and if convenient would be very glad to meet you there I with Aunt P. and several other females who are going west shall accompany her to that place but as we shall wish to take the first Boat for Albany it will probably be inconvenient to stop your Mother wishes me to say that her health is much improved and she has been very anxious to return sooner but has been waiting for me to get ready to go with her. She has many things to say but thinks best to wait until she sees you - Wife sends her warmest love to Mrs P. and says she has a Daughter 4 months old to morrow which she would like to show with her Aunt P. sends love and says kifs the babes for me

Yours Truly

A. G. Bodwell
